PROFESSIONAL SUMMARY

Computer Science Engineering student with strong problem-solving skills and solid foundation in Data Structures and Algorithms. Experienced in building scalable applications and delivering solutions in fast-paced, collaborative environments. Hackathon winner with an ownership mindset, quick learning ability, and passion for writing clean, efficient code and shipping products at speed.

EDUCATION

Bachelors of Engineering in Computer Science Engineering

Chitkara University, Rajpura, Punjab

Current CGPA: 8.17/10 | 4th semester

12th-Central Board of Secondary Education

O.S.D.A.V Public School, Kaithal, Haryana

Score: 81.9% | Year:2023

SKILLS

- **Core Skills:** Data Structures and Algorithms, Problem Solving, Time and Space Complexity
 - **Programming Languages:** Java (Primary), C++, JavaScript
 - **Development:** React.js, Node.js, Express.js
 - **Tools:** Git and GitHub, MongoDB
 - **Soft Skills:** Ownership Mindset, Team Collaboration, Interpersonal Communication
-

PROJECTS

- **F1 Pit Lane Guard** - Worked on improving a security monitoring platform by implementing real-time detection logic and contributing to performance-critical components. Focused on writing optimized, reliable code under time constraints.
 - **Complaint Feedback System** – Built a full-stack web application to automate complaint registration and tracking. Designed efficient data handling logic, optimized user workflows, and collaborated in an agile setup to deliver features within deadlines.
 - **Her Health Pulse** – Enhanced a health tracking web application using React and Firebase to provide wellness insights with real-time analytics.
-

ACHIEVEMENTS AND RECOGNITIONS

- **Winner, Women-Centric Hackathon 2025 | Edifecs** – Recognised for developing innovative technical solution in competitive programming environment.
- **Deloitte Technology Job Simulation | Forage 2025** – Gained hands-on experience in software development lifecycle through practical task simulations.
- **Solved 300+ Data Structures and Algorithms problems** – Demonstrating problem solving and coding proficiency
